Channel Shift Strategy

- As a provider we are leading the way and working closely with the CCG and local authority embracing a new phase of the building healthier community (BHC) program in Newham with technology as one of the main work streams.
- Coproduction work with an aim to bring the assistive technology together.

We care

We respect

We are inclusive

What did the integration of Technology achieve?

- Facilitates to improve patient outcomes
- Saves time
- Improves safety
- Improves productivity
